## 2007 National Conference

Once every two years, Pachyderm members from around the Nation gather for a few days of fun, fellowship and education. This year, we will gather in Wichita Kansas at the newly remodeled Hyatt Regency Hotel on June 28th through June 30th. The Greater Wichita Pachyderm Club is the host club and they are rolling out the red carpet for our members and guests. On behalf of the National Office, we would encourage you to have as member of your club's members join us as is possible.

Not only will attendees gain valuable information for your club by attending the formal sessions, but the perspectives and new ideas gained through the informal discussions over dinner are invaluable as well. Additionally, it is during the National Conference that the elections for the Regional Director and Alternate Regional Director positions are held. Any member in good standing who has served as an officer of their local Pachyderm Club or State Federation may be nominated for a Regional Director position. Each Club and State Federation in attendance at the National Conference may cast a vote for the Regional Director candidate of their choice for the region in which they reside.

This is an opportunity for your club to gain valuable information about advancing your own operations, a chance to determine who represents you on the National Board and a great opportunity to meet National leaders of both the Pachyderm movement and the congressional leaders of our party. We urge you to share the information you have received about the conference with your members. Also please consider having your club assist in the cost of attending for your members who have an interest. One of the best things about Pachyderm is that it is designed so that average Americans can easily participate rather than being an organization only for the affluent. We work hard to keep the costs down for the National Conference but the cost of travel is sometimes an impediment to members attending. Even a small amount of assistance from your local club might make the difference for one of your members wanting to attend.

*See you in Wichita!*
